

Job Title: XSLT Technical Consultant

Who we are and what we offer.

Pinnacle is a trusted guide and expert partner of the world's leading law firms. We help our clients get the most from their critical business applications and the data these applications hold. We also have long-standing partnerships with Thomson Reuters Elite, Intapp and iManage. We work alongside them to develop products and implement systems that give our clients the maximum value, opportunity, and advantage. Our sole focus is on the legal sector and the specific technologies that law firms depend on. We also provide Managed Services that enable our clients to continue to maximise the value in their business systems and data.

As a leading global consultancy, we deliver projects and services to the top 100 law firms both in the UK and internationally. We have operations in the UK, US, and Europe. We are experiencing rapid growth so are looking for new talent in several areas of our business.

This is an ideal job if you're keen to develop your consulting and business analysis skills and further progress your career. Enthusiasm, interest, and drive are as important to us as any relevant experience you have. We'll give you full training and the opportunity to work in a stimulating and supportive working environment.

Your role

Your role will be as a XSLT Solution developer primarily based on Thomson Reuters 3E Templates platform, but also including other technologies when and as required. In this role, you will meet with various clients to understand their requirements, identify and understand a problem or issue and provide appropriate feedback and resolutions.

This role will be primarily based in our Southend office, with remote working available when required as well as the ability to work out of our London office whenever needed.

The evolution of this role would be into a Senior Technical Consultant, which would include elements of project management, mentoring, training, and development of your skills across a wider technology platform.

Your key responsibilities will include:

- ▲ Undertake short or long – term projects to address a variety of issues and business requirements using your proven experience with XSLT based coding.
- ▲ End-to-End development activities including testing, validation, and documentation.
- ▲ Designing intuitive user experiences on developed features
- ▲ Reconciliation of data across various systems to accommodate development and test plans.
- ▲ Ensures the communication channels and processes are in place to notify the relevant people so that plans can be amended, and the necessary action taken to rectify issues.

- ▲ Modifies personal approach and style to reflect changing circumstance.
- ▲ Plans and manages project activity to maximise commercial return, ensuring a focus on minimising lost and non-billable time.

Is this you?

While it would be great if you had already worked as a developer in such an environment or have worked alongside a law firm's risk and compliance team working as a business analyst, we are really looking for a good mix of aptitude and attitude.

Essential Criteria:

- ▲ At least 3 to 5 years Proven XSLT, .Net and SQL, development skills in a software development environment.
- ▲ Windows server/IIS infrastructure knowledge (e.g., for troubleshooting API connectivity, service calls, event tracing etc.)
- ▲ Excellent organisational skills
- ▲ Manages their own time effectively to maximize utilisation and to balance demands from multiple projects
- ▲ Ability to work proactively, without close supervision.
- ▲ A natural team player
- ▲ Good organisational and analytical skills with an attention to detail
- ▲ Flexibility to switch between projects according to business priorities.

Nice to have but not essential.

- ▲ Knowledge of the legal industry with proven experience in a consulting role working in or for law firms
- ▲ Effective team management and delegation skills
- ▲ Experience with the following legal finance platforms; Aderant, eBilling Hub, 3E, SAP, Dynamics

Additional Information

We offer career opportunities and attractive packages (competitive salaries, benefits, incentives, and a options share scheme). We have a strong professional culture in which we value the hard work required to achieve high levels of client satisfaction. In short, we encourage ambition and reward success.

The next steps

Please email your CV to helen.mcconnon@pinnacle-oa.com with a note of introduction that will persuade us to invite you in for a chat.

We look forward to hearing from you.
